Supplies (Including PPE) (listed alphabetically by company name)

**Some companies listed below have adjusted normal productions by changing the items produced to assist with PPE supplies.*

Virginia Emergency Support Team (VEST) has coordinated with Amazon to ensure organizations on the frontlines of the COVID-19 response in the Commonwealth can purchase PPE through Amazon Business on a prioritized basis. In order to participate in the this program, a business must first sign up on Amazon Business using <https://business.amazon.com/en/work-with-us/healthcare/covid-19-supplies>. As with many other supply chain routes, PPE supplies through Amazon are limited depending on current demand and inbound shipments. Nevertheless, this option can serve as a prioritized source of PPE for Virginia's providers that are experiencing disruptions in their normal supply chain.

VA Department of General Services

COVID-19 Emergency Vendor List

<https://dgs.virginia.gov/procurement/resources/eva-emergency-vendor-list/>

Virginia's COVID-19 emergency vendor list includes vendors used by the VA Dept. of Emergency Management (VDEM) and VA Dept. of General Services – Division of Purchases & Supply (DPS).
